

Marine 400 Bass

The new boat for the upcoming year 2019.

Application: Marine Bass boats are specially designed for fishing freshwater predators such as a pike, pikeperch, and bass. Deck across the whole boat is covered with vinyl and carpet which both reduce any noise, and also the deck serves for fishing while standing. You can also find there several storage spaces inside the boats.

Advantages: In standard equipment: 1 upholstery chair, 2 seat bases, 8 storage spaces, deck across the boat with open storage space in the middle, interior color grey, outside color black Cool design, floormats on the deck, and transom drain plug.
